

DRŽAVA U KREVETU // STATE ABED, international exhibition

međunarodna izložba // international exhibition

KUSTOSICA // CURATOR: Natasha Kadin

Slijedeći feminističku maksimu OSOBNO JE POLITIČKO, kao i svoje razloge zašto se bavimo feminizmima, što nas navodi da se javno deklariramo feministkinjama, došli smo do naziva izložbe DRŽAVA U KREVETU. Želimo znati koliko duboko i na koje načine sustav, država, vlast i politika upravljaju našim životima te u kojoj mjeri i zašto imaju potrebu ulaziti u naše živote, ložnice, tijela i glave i upravljati njima. Posebno želimo razotkriti načine na koje prihvaćamo ili ne prihvaćamo njihova zavođenja, poljupce, naloge i nasilja. Želimo ogoliti sustav kao što on ogoljava nas. Želimo mu uzvratiti udarac, ili poljubac. Tražimo vaše ideje, koncepte, radove, načine i priče da rasvijetlimo ovu priču i saznamo zašto imamo osjećaj da je to vođenje ljubavi zapravo silovanje i kakve sve posljedice ostavlja na naše osobno. Koje jest političko. Koje jest osobno.

Following a feminist maxim THE PERSONAL IS POLITICAL, as well as relying upon our reasons why we deal with feminisms, what makes us publicly declare ourselves feminists, we have come up with the exhibition title STATE ABED. We would like to know how deep and in what ways the system, the state, the authorities and politics govern our life as well as to what extent and for what reasons they have the urge to enter and control our lives, bedrooms, bodies and minds. We would especially like to reveal the ways we accept or do not accept their seductions, kisses, orders and violences. We would like to strip off the system the way the system strips us off. We would like to hit the system back, or kiss it back. We ask for your ideas, concepts, works, your ways and your stories which will help us unravel this story and find out why we have the feeling that this lovemaking is actually an act of rape and what consequences it has on the personal. Which is political. Which is personal.
